Exploring the interior specifications of the gorgeous 120' Tri-Deck 'Sandrine', the main saloon stands as a nod to the exotic and a celebration of beauty with items such as honeycombed Mountain Verde marble flooring. Amazing gloss sapele wood is found throughout the yacht with accents of flame mahogany and satin sapele woods.

The first level includes a large flowing saloon that runs forward to a formal dining area and further forward to a large galley with black bamboo flooring. Her staterooms include a large master suite with a huge 65" flat screen TV, his and her closets and his and her head, with an outstanding walk-through shower. The layout below deck also includes a very generous VIP stateroom and two twin staterooms with adjustable beds that can be pushed together to form a queen-size bed.

A winding staircase leads up to the sky lounge finished in zebra and wengé woods with Mayan leather furniture and personal touches such as authentic African tribal art and masks. A huge projector screen is hidden in the ceiling and lowered at the touch of a button for a theatre viewing experience second to none.

The forward helm is enclosed for safety while travelling at night and to give guests complete privacy while enjoying the sky lounge. Aft of the sky lounge is an upper aft deck which features a hot tub complete with a swim-up bar. Four strategically placed bar stools surround the hot tub and are flush with a granite counter. This outdoor entertainment space is further accentuated by a flybridge with additional helm and a lovely u-shaped viewing settee.

This yacht was carefully envisioned, planned and constructed. The result is a truly outstanding vessel with a luxurious and accommodating interior, amazing outdoor spaces and the most innovative and efficient equipment available.
