HARGRAVE 105' FLUSHDECK 'DREAM'

Born not from a fleeting desire for luxury, but rather inspired by years of boating experience, the appreciation of modern innovation, a remarkable flare for all things stylish and a fine collection of hand-picked artwork and home wares from all over the world, 'Dream' is rich, warm and completely versatile.

Delivered in 2006, this yacht speaks to a new era of yacht owners who want to create a highly personalized space where their friends and family can gather together both in celebration and in every day living. 'Dream' captures the welcoming and relaxed spirit of its owners while encompassing a chic and highly desired lifestyle.

Elongated star motifs repeated throughout the interior, along with African mahogany, Turkish leather and South American marble, celebrate the owner's eye for the unusual, while the layout and overall design speak to his practicality. Another notable feature is the generous accommodation for owner, guests and crew. The savvy owner designed this yacht so that everyone would feel comfortable and at home, including the crew, who have private staterooms and a large lounge area.
